About Our Company

For over 27 years, K-Tec Systems has assisted companies in making better products by helping them control their temperature, pressure, and flow during their testing and manufacturing process. We are a manufacturer, global distributor, and engineering integrator of temperature sensors, wire harnesses, and control systems with an established reputation throughout Automotive, Aerospace, and Food industries.

Key Differentiators

We do more than sell products; we engineer new solutions, install, service them, and teach how to use them through our learning center.

We are passionate and committed to re-establishing the importance of quality and accurate data during test measurements.

We are dedicated to providing our clients with the highest quality, most efficient, innovative, and environmentally safe solutions.

Excellent service and customer focus is our top priority.

Our Capabilities

- Engineering & design
- Prototyping
- Thermocouple & wire harness manufacturing
- Testing
- Procurement
- Installment
- On-site calibrations & repair
- Inventory management & tracking
- Pickup & delivery service
- Personal and experienced customer support
- Modern ERP system
- State EDI compliance
- Learning center
- 17025 certified lab

Our Products

- Cables
- Color sensors
- Compression fittings
- Connectors
- Controllers
- Control panels
- Flow sensors
- Gauges
- Heaters
- LED Light sensors
- Power controls & PLCs
- Pressure sensors
- Temperature sensors (thermocouples, RTDs, thermistors)
- Testing equipment
- Wire & wire harnesses

Certifications & Awards

- ISO9001:2008 / AS9100:2009
- WBE# 2005108980 - WOSB# W070307
- 2015 Outstanding WBE Achiever
- 2011 DBusiness Nomination for Detroit Women business leaders
